College as Biodiversity Hub

From The desk of Principal

I wish all the best to the students and stakeholders of Tingkhong College for their on-going and future endeavors towards making our college even more vibrant and progressive in its atmosphere.

DR. MOUCHUMI GOGOI, PRINCIPAL, TINGKHONG COLLEGE

Tingkhong College, Tingkhong is a prestigious institution in Assam offering education in Arts and Science at the higher secondary and Degree levels. The college was established in the year 1972 with an Arts Stream only and it has reached another milestone, that of the inauguration of its Science Stream in 2023. The college aims to provide quality education in the region par excellence, an aim that the college has been striving for since its inception. Additionally, the college also focuses on engaging students in sports and extracurricular activities. The college has overcome numerous obstacles to produce students who excel in academics, sports, and self-employment, despite facing numerous challenges throughout various stages. Tingkhong College has completed two cycles of NAAC evaluation in 2007 and 2015, earning C+ and B grades respectively, and is now ready to invite the third cycle. By fostering a strong partnership with parents, we can work together to create a supportive and enriching learning environment for students. This collaboration allows us to better understand each student's unique needs and provide tailored support to help them thrive academically and emotionally.

I would like to take this opportunity to express my heartfelt gratitude to the faculty members and office staff of the past and present for their unwavering and committed service to the college, as well as to congratulate the current students on their accomplishments in various fields. As you embark on your journey with us, I encourage you to embrace this ethos and strive to make a positive difference in the world.

Introduction and Objectives

Tingkhong College was established on 1st September, 1972 and was included in 2(f) of the UGC Act in the year 2001. It is the first institution of Higher Education established in the 119 Tingkhong Legislative Assembly Constituency of Assam aiming at offering quality education to its students in fulfillment of all the specifications laid down by the University Grants Commission, Dibrugarh University (the affiliating university), the Government of Assam and the National Assessment and Accreditation Council, Bangalore (NAAC). The college started and has been running as an Arts college with 7 departments currently. Recently however, Tingkhong College has been granted the science stream by the Govt. of Assam and the administration is doing the needful for the successful initiation of the stream as soon as possible. The college has successfully undergone two cycles of NAAC visit and evaluation and is preparing to welcome the third cycle of NAAC evaluation and peer team visit. The vision of Tingkhong College authority and stakeholders is to build up the college as a center of excellence in Higher Education and to equip and empower students with knowledge, skill, competence, and creativity to face the global challenges. The college started and functioned as an Arts college with the Higher Secondary and the B.A courses being offered. Tingkhong College took shape in its initial phases with the sheer determination and contributions of the responsible members of the local society as the urgent need for a higher education institution was felt. The college had been running on the funds generated through admissions and other institutional fund-raising initiatives, public contribution and generous donations from philanthropists in those times. However, with the status of “Deficit Grant-in-Aid” being received by the college later on, the need for regular and secure financial assistance from the government was met. Tingkhong College was recognized by the University Grants Commission and included in 2(f) of the UGC Act in the year 2001 which proved to be a huge step in its development. Subsequently, the college further benefitted from the historic decision of the Government of Assam to provincialize all deficit grant-in-aid colleges with effect from 1st December, 2005. Now the college enjoys the status of “Provincialized College”.

The College grew from strength to strength on the merit of its students, the dedication of its teachers and the visions of the different Principals serving office through different phases of its history. An institution which began its academic endeavor with just a handful of teachers and students now offers education to roughly 1600 students yearly with the help of near 30 teachers including sanctioned and non-sanctioned contractual teachers. The college presently has 7 Arts departments that cater to the needs of the Higher Secondary and Undergraduate level education. The college also has a Krishna Kanta Handique State Open University Study Centre at the College premises which offers a wide range of choices to students. With the science stream being granted to the college by the Govt. of Assam, the college looks forward to becoming the first institution to offer the HS and Undergraduate course in science and eradicate a major setback faced by the area.

Infrastructure And Learning Resources

Science Laboratories

The College has a well equipped library that is partially automated and uses the SOLE 3.0 software. Every year the library and its books are upgraded, new books are added and the library management system is maintained. Further, there is an indoor stadium where trainings are organized regularly. It has a rich book bank with an effective support staff who keeps a track of all the available resources and updates them from time to time. The college has a well-stocked library with Text Books, Reference Books, Journals, Periodicals and Dailies. The college library is open from **9.00 A.M. to 4.00 P.M.** in all working days of the college. Book lending from the library is guided by the following rules.

Tingkhong College tries to keep up the technological advancement required in a College that strives to provide its students an education that would help them to compete with the best. There is a functional computer lab whereby different departments take initiative to impart basic computer knowledge to its students.

Further, the office is well equipped with adequate internet facilities that help them to work efficiently. It also boasts of a functional and effective surveillance system that helps the administrator to monitor everything very efficiently. All the service facilities are maintained effectively from time to time and required updates are made.

The College has a well-equipped gymnasium with all the facilities needed for the physical development of the members. Further, there is also an indoor stadium equipped with all the facilities needed for practicing sports like Sepak Takraw, table tennis. From time to time, there are Yoga camps held to promote overall well being and a healthy mind and body. development of a sportsmanship spirit is one of the Best Practices adopted by the College. Hence, a series of workshops of different sports were also conducted in the College whereby a large number of students were benefitted and provided coaching by some of the best trainers in Assam for a bare minimum fees.
